SUPERINTENDENT'S REPORT

No report was provided as item was removed from the agenda.

MISCELLANEOUS

Mr. Bill Foster, President, School Perceptions, gave a presentation regarding ways in which his company can assist the District in gathering and organizing data as it relates to community planning. He explained they provide independent research, parent, staff, and community surveys relating to community planning as far as strategic planning with referendum preparation. This feedback will help to inform the school board of how the community feels towards specific issues as well as assist the Board in making strategic decisions. Mr. Foster commented that some districts will use a survey to test how the community feels such as supporting a referendum and noted that the data has been extremely indicative. He added that this is related to the District's Objective and that the District's needs are outpacing the budget. Surveys are typically deployed in the fall. He added the school board may want to think about where this fits into the planning process as it is not recommended to have a lot of community engagement if you do not know what you want to do with the data. Mr. Gallianetti commented that at a previous meeting there was a lengthy discussion regarding the ten year capital improvement plan which totals \$26 million in building projects. Preliminary budget allocates roughly \$1 million and if the district did the full \$26 million there would be a deficit of \$16 million based on the current budget. He further added at that time Mr. Samet proposed that the Finance and Budget Committee review the current budget and try to find a way to increase the annual budget first and use that as a starting point. Mr. Gallianetti noted he did not know the time frame for this and Mr. Samet responded the goal is to do this incrementally over a three year period as part of the budget and then meet to address the shortfalls in the future. Mr. Samet added an additional factor is performance contracting and how that might fit in to make-up the shortfall which will be an education process in itself. He further added timewise looking at September or October this would be brought back to the Board as the District will have figures from the State at that time. Mr. Boehlke added September is when he starts budgeting for the next year. Mr. Foster explained if the Board would like their decision to reflect the majority of the community that is where he can help. He spoke about the performance contracting piece, which he noted some districts use; however, some people believe that is taxation without representation and some would argue it is best to be forthright as possible which can be done through referendum and not performance contracting and that is what the Board has to decide. Mr. Mancl questioned what the cost is for this service to the District and Dr. Sheehan responded approximately \$10,000 and Mr. Mancl asked what that covers. Mr. Foster responded there are three parts: (1) strategy development, (message and questions to ask - survey must reflect the strategy), then survey design and message developed; (2) is deploying of survey, and (3) tallying and analyzing results and making presentation with recommendation to the Board. He further added his company does not advocate for any position - their job is to gather, organize and analyze the data.

Mr. Gallianetti commented that once we know our maximum capacity then we need to figure out how to fund projects and go to the community. Next step is for the Finance and Budget Committee to do more work and report back by the end of the year if not before, possibly September or October and then determine the next steps based on that information. Mr. Foster responded that is a key message for the community to know the Board has done all that they can.

B. Presentation of the 2014-2015 Preliminary Budget

Moved by Mr. Mancl, seconded by Dr. Hein to approve the preliminary budget for the 2014-2015 fiscal year as presented. All ayes. Motion carried unanimously.

Mr. Boehlke reported that in February when he presented the projected preliminary budget for 2014-2015 it included a projected \$384,000 deficit. At that time, he also presented possible reductions and adjustments to obtain a balanced budget. He noted those reductions/adjustments presented in February have stayed the same and the district does have a balanced preliminary budget. In October, the District will have more actuals as administration has staff hired but projections, such as pupil count will adjust revenues in October. The preliminary budget is in place to allow the authority to spend and do payroll in July even though the final budget has not been approved. He added some districts do not do preliminary budgets but instead request approval of a spending resolution, which is listed as the next agenda item if the preliminary budget is not approved. Once the preliminary budget has been approved, the Board is still able to make changes; however, this provides a framework and allows the District to carry on with expenditures in July.

C. Spending Resolution for the 2014-2015 Fiscal Year

Mr. Gallianetti stated no discussion is required for this item as the preliminary budget was approved.

D. Long Term Care

Administration provided a presentation regarding their recommendation of ending the long term care benefit for the teacher and administrative groups as of August 1, 2014 and that the dollar equivalency of the benefit premiums be moved to salary compensation for these groups. Mr. Boehlke noted through the meet and confer process much time

was spent with the SEA to develop a new salary structure and other items were discussed during this time as well. One of the concerns the administration and SEA discussed during the meetings was the issue of the long term care premium rate increases that have taken place during the last four years with a projected 9.5 percent increase over the next several years, which is not sustainable for the District to continue unless reductions are made in other areas in the District. Both administration and SEA agreed this benefit is not sustainable under the current school funding formulas. The premium cost is reaching \$1 million annually and administration wanted to keep the benefit dollars as part of the compensation package. Administration asked SEA if they could move that dollar amount from compensation to salaries, which is not a change in compensation but would be a huge savings over the next ten years for the district. Mr. Boehlke spoke about the future cost of the long term care premiums versus shifting those dollars to salaries which in ten years would have a cumulative savings to the district of \$4.3 million. He added that it is not just our district facing this problem but is a large problem for all people who carry long term care insurance. Mr. Flaherty reviewed the changes the district has made to employee compensation due to reductions in school funding since ACT 10 which include, but are not limited to: 1) a reduction of one hundred teachers, yet the same number of students are still being served; 2) no step movement; 3) salary schedule change; 4) increase of insurance deductible; 5) increase of insurance premiums; 6) spousal surcharge of \$75. Mr. Boehlke noted he spoke with an insurance consultant to see if there was a less expensive long term care premium and if the District could bid out to keep this benefit and reduce the 9.5 percent increase and no other vendors have this product. He also questioned WEA Trust if the district could form a group of the current employees who wish to continue the benefit and the retirees who have this benefit to keep the group rate and WEA Trust explained that would be a select group and could not be done as all have to be on the plan in order to receive the group rate. After that meeting administration sent a communication out to the retirees as they are affected even though they pay 100 percent of premium upon retirement, they still receive the group rate. Active employees and retirees can continue the benefit but must purchase individually as they will no longer receive the group rate. Administration did ask WEA Trust for a list of names and addresses of the retired employees on the plan and WEA Trust would not provide the information. Mr. Boehlke reviewed how the approval to this recommendation would impact the active employees, future employees and retirees.

Mr. Gallianetti questioned if there is a specific reason for the proposed deadline and Mr. Boehlke responded there is none; however, WEA Trust requires thirty days advance notice which is the reason administration is proposing the August 1, 2014 deadline. Mr. Gallianetti noted that if action is not taken on this item, every month the district waits, people are paying for a coverage that may not continue. If the decision is ultimately not to provide long term care coverage, retirees need adequate time to review other options. Dr. Sheehan suggested administration bring this item back to the Board in August after administration, teachers, and retirees meet to review possible options. Mr. Samet suggested another letter be sent to retirees asking if they are enrolled and Ms. Reinthaler suggested that something be included on the district web page where retirees could communicate the necessary information along with sending another letter. Mr. Boehlke clarified that WEA Trust will not visit the district to meet with employees/retirees until the Board makes a decision and provides them with a date that the long term care coverage would terminate.

Mr. Gallianetti clarified that a decision will not be made at this time. Administration will have discussions with the groups (administration/present employees/retirees) and provide a recommendation at the second meeting in August. He also added that the recommendation may be the same as the current recommendation. Administration will provide updates to the Board on the discussions with these groups until the recommendation from administration in August.

Mr. Gallianetti called for a break at 8:55 p.m. The meeting convened at 9:04 p.m.

E. Adoption (Second Reading) of Revised Policy 8510 – Wellness

Moved by Ms. Tuszynski, seconded by Dr. Hein to approve the adoption (second reading) of revised Policy 8510 – Wellness. All ayes. Motion carried unanimously.

• Policy 8510 – Operations; Wellness

F. National Speech and Debate Association (NSDA) National Tournament - Debate

Moved by Ms. Pothast, seconded by Mr. Burg to approve North High School students to attend the National Speech and Debate Association (NSDA) National Tournament in Overland Park, Missouri on June 14-21, 2014 as per Policy 2340. All ayes. Motion carried unanimously.

REPORT OF COMMITTEES

A. CURRICULUM & INSTRUCTION COMMITTEE

1. Diploma Recommendation Class of 2014 Graduates

From the committee meeting:

Moved by Mr. Mancl, seconded by Mr. Hill to award high school diplomas to students from North and South High Schools, Central High School, George D. Warriner High School for Personalized Learning, and IDEAS High School who are members of the class of 2014 who have completed district requirements for graduation. All ayes. Motion carried unanimously.

2. Introduction of Textbooks/Instructional Materials

Moved by Mr. Mancl, seconded by Ms. Tuszynski to approve administration's recommendation to adopt textbooks/instructional materials for Big Ideas for eighth grade Math and eighth grade Algebra, Glencoe's Algebra I for high school Algebra, and Foundations of Restaurant Management and Culinary Arts Levels One and Two for high school hospitality foods in the amount of \$81,159.77. All ayes. Motion carried unanimously.

From the committee meeting:

Moved by Mr. Hill, seconded by Ms. Tuszynski to approve administration's recommendation to adopt textbooks/instructional materials for Big Ideas for eighth grade Math and eighth grade Algebra, Glencoe's Algebra I for high school Algebra, and Foundations of Restaurant Management and Culinary Arts Levels One and Two for high school hospitality foods in the amount of \$81,159.77. All ayes. Motion carried unanimously.

Administration provided an executive summary of the rationale behind the textbook adoptions. Ms. Tuszynski talked about her concern that many of the textbook companies are not updated to be aligned with the common core and Mr. Holzman responded that the online textbook adoptions will automatically provide the updates should the textbooks change. He further commented that by using Smarter Balance it provides for a wider variety of mathematics. The Algebra textbook is a little more advanced than what the District is currently using.

3. Summer Student & Instructional Services Professional Development

From the committee meeting:

Administration provided an update of the District summer development opportunities for teachers and administrators. Much of the work this summer will be learning about new Math and English Language Arts curriculum and scope and sequence. The focus is to find ways to enhance teachers' knowledge in these areas. Ms. Tuszynski asked if professional development is more difficult at the high school level and Mr. Harvatine noted it was due to so many different areas of study. He further commented that because of the amount of elementary teachers the professional development is geared more at the elementary level. The high school level is beginning to close the gap because there are fewer teachers in specialty areas.

Introduction (First Reading) of Revised Board of Education Policy 5330 – Administration of Medication/Emergency Care

Moved by Mr. Mancl, seconded by Ms. Tuszynski to approve the introduction (first reading) of revised Policy 5330 – Administration of Medication/Emergency Care. All ayes. Motion carried unanimously.

• Policy 5330 – Students; Administration of Medication/Emergency Care

From the committee meeting:

Moved by Mr. Hill, seconded by Ms. Tuszynski to approve the introduction (first reading) of revised Policy 5330 – Students; Administration of Medication/Emergency Care. All ayes. Motion carried unanimously.

Administration explained that the policy did not reflect our past practice as a District which is why the policy is being brought forward for revision.

5. Research Project Per Board of Education Policy 2416

From the committee meeting:

Administration presented an overview of the research project: Changing Student Demographics and Suburban School Leadership and that the purpose of the research is to understand how swift and significant shifts in student demographics impact suburban school leaders.

6. Kenneth E. Behring National History Day Contest

Moved by Mr. Mancl, seconded by Ms. Tuszynski to approve North High School students to attend the Kenneth E. Behring National History Day Contest in College Park, Maryland on June 15-19, 2014. All ayes. Motion carried unanimously.

From the committee meeting:

Moved by Ms. Tuszynski, seconded by Mr. Hill to approve North High School students to attend the Kenneth E. Behring National History Day Contest in College Park, Maryland on June 15-19, 2014. All ayes. Motion carried unanimously.

7. 2014 Future Business Leaders of America (FBLA) National Leadership Conference

Moved by Mr. Mancl, seconded by Ms. Tuszynski to approve North High School students to attend the FBLA National Leadership Conference in Nashville, Tennessee on June 28-July 3, 2014. All ayes. Motion carried unanimously.

From the committee meeting:

Moved by Mr. Hill, seconded by Ms. Tuszynski to approve North High School students to attend the FBLA National Leadership Conference in Nashville, Tennessee on June 28-July 3, 2014. All ayes. Motion carried unanimously.

8. 2015 French Connection Field Trip

Moved by Mr. Mancl, seconded by Ms. Tuszynski to approve North High School students to travel to Avignon, France from March 25-April 5, 2015 to continue building a relationship with its sister school, René Char. All ayes. Motion carried unanimously.

From the committee meeting:

Moved by Ms. Tuszynski, seconded by Mr. Hill to approve North High School students to travel to Avignon, France from March 25-April 5, 2015 to continue building a relationship with its sister school, René Char. All ayes. Motion carried unanimously.

Mr. Mancl noted that because this is a fieldtrip that is open to all students and very little is district funded, he does not have an issue; however, he would like to continue to revisit again.

9. National Catholic Forensics League (NCFL) Grand National Tournament

From the committee meeting:

Moved by Ms. Tuszynski, seconded by Mr. Mancl to approve North High School forensics students to attend the National Catholic Forensics League Grand National Tournament in Chicago, Illinois on May 23-25, 2014. All ayes. Motion carried unanimously.

B. HUMAN RESOURCES COMMITTEE

1. Appointments

Moved by Ms. Reinthaler, seconded by Dr. Hein to confirm the following appointments. All ayes. Motion carried unanimously.

From the committee meeting:

Moved by Dr. Hein, seconded by Mr. Mancl to confirm the following appointments with the noted correction of the appointment removal of Brianna Weyers. All ayes. Motion carried unanimously.

Mr. Flaherty noted there is one correction to be made to the appointments which is the removal of the last listing for Brianna Weyers as she took a position elsewhere.

Mr. Flaherty added that Mr. Klein will also be working with New Montessori School as well.

5. Long Term Care

^{**}Not a SASD employee

From the committee meeting:

Moved by Mr. Samet, seconded by Mr. Mancl to approve administration's recommendation to end the long term care benefit for the teacher and administrative groups beginning August 1, 2014, and that the dollar equivalency of the premium amount be moved into the salaries for these groups. The total compensation amount for these groups would remain the same. All ayes. Motion carried unanimously.

Ms. Reinthaler noted this is the same information that was provided at the Finance and Budget Committee meeting. Administration reviewed the Executive summary and Mr. Boehlke noted that when looking at the long term care premiums which are projected to increase 9.5 percent annually over the next several years, this is no longer sustainable. He further added the administration approached SEA to discuss moving that part of the compensation into salaries and the advantage for the district is taking the \$1 million which we are paying to WEA and have no control of, and placing it into salaries which we can control. Mr. Flaherty noted in the future looking at 2 percent increase, accumulated over next 10 years, the District will save \$4 million. He added the teachers agreed given the revenue caps and 9.5 percent projected premium increase that this is not sustainable and recommended administration moves forward. Mr. Boehlke informed the committee that the important thing is that the employees will have some options if they feel this benefit is important to them and it is up to each individual how they move forward. A WEA Trust representative will be available during July to discuss individual options. Mr. Mancl questioned if this was designed as a salary compensation if the employee cannot work and Mr. Boehlke responded long term care would be used if the employee was confined to a nursing facility or home care. Mr. Mancl questioned if this is covered under regular health care and Mr. Boehlke replied it is not. Mr. Flaherty added that most insurance does not include long term care. Mr. Mancl asked why not give the employees a one-time increase as then it is a one-time payout and Mr. Boehlke responded that this would have been part of their compensation package and administration wanted to shift the monies to an item the district could control cost over years not as taking away from employees. Mr. Samet asked if some of the money could be used to fund Other Post Operating Benefits (OPEB) and Mr. Boehlke responded that by moving the monies from compensation to salaries there is the potential of extra monies which could be placed in OPEB. Mr. Mancl noted if employees receive a one-time payout then the expense is down and the monies could be budgeted towards other needs.

7. Chrome Book Rental Agreement

Moved by Mr. Samet, seconded by Dr. Hein to approve administration's recommendations to enter into a rental agreement with American Capital Financial Services, Inc. for 3,200 Acer Chrome Touch Laptops for a two year period beginning July 5, 2014. Two annual payments in the amount of \$483,254.97 will be required for a total cost of \$966,509.94 (\$302.03 per device). These devices will be used for the High School One to One Initiative. Motion carried 8-1 (Mr. Burg, no).

From the committee meeting:

Moved by Dr. Hein, seconded by Mr. Samet to approve administration's recommendations to enter into a rental agreement with American Capital Financial Services, Inc. for 3,200 Acer Chrome Touch Laptops for a two year period beginning July 5, 2014. Two annual payments in the amount of \$483,254.97 will be required for a total cost of \$966,509.94 (\$302.03 per device). These devices will be used for the High School One to One Initiative. Motion carried 3-1 (Mr. Burg, no).

Ms. Reinthaler asked if this is part of the five year plan in which monies have already been budgeted and approved and Mr. Boehlke responded yes. Mr. Burg questioned the approximate cost of \$300 per device, annually, for leasing and then having to return the Chrome Touch Laptops versus purchasing 3,200 devices which could potentially be a significant savings. Mr. Samet responded that during the original presentation Fond du Lac School District was noted as purchasing devices for their 1:1 initiative and the devices were out of date after a couple of years. Mr. Boehlke noted he could follow up with Mr. Jaber, that after the two year lease agreement the district is able to purchase these devices at \$1 per device and those devices would then go to the middle schools and Mr. Burg replied if that is the case this would be a more palpable option. Dr. Hein noted that this cost also includes a maintenance agreement and Ms. Reinthaler added that the maintenance agreement is significant. Mr. Boehlke further noted once the monies are budgeted then over the next five years that will be the technology budget moving forward and there will be revolving equipment replacement and Mr. Samet reiterated that in the future the budget would include \$500,000 budget for equipment and Mr. Boehlke responded yes.

8. Printer Rental Agreement

Moved by Mr. Samet, seconded by Ms. Reinthaler to approve administration's recommendation to enter into a lease agreement with Wells Fargo Financial Leasing, Inc. for a Konica production printer with a service agreement for a five year period beginning July 5, 2014. Five annual payments in the amount of \$87,716.56 will be required for a total cost of \$438,582.80. All ayes. Motion carried unanimously.

From the committee meeting:

Moved by Ms. Reinthaler, seconded by Dr. Hein to approve administration's recommendation to enter into a lease agreement with Wells Fargo Financial Leasing, Inc. for a Konica production printer with a service agreement for a five year period beginning July 5, 2014. Five annual payments in the amount of \$87,716.56 will be required for a total cost of \$438,582.80. All ayes. Motion carried unanimously.

Mr. Boehlke noted this printer is a replacement for the current main production printer in the Print Shop and this lease agreement requires Board approval because it is beyond three years. This lease does include a maintenance and service agreement.

Mr. Samet suggested reviewing this policy as it should be clarified in the policy any lease over \$100,000 requires Board approval, even if it is a three year or lower lease that there should be some dollar amount associated requiring approval.

9. Long Term Care

Administration provided a review of the Executive Summary for the recommendation of ending the long term care benefit for the teacher and administrative groups beginning August 1, 2014, and that the dollar equivalency of the premium amount be moved into the salaries for these groups. The total compensation amount for these groups would remain the same.

Mr. Boehlke noted that for the past ten years the district provided a long term care benefit to the administrative and teacher groups and that cost is reaching \$1 million and the premiums are expected to increase 9.5 percent over the next several years and he does not expect that rate to go down. He further noted through the meet and confer process, SEA and administration met and agreed this benefit is not sustainable. The monies we pay to WEA Trust will grow roughly 10 percent and the district has no control of these monies whereas moving the monies to salaries, the district has control and salaries will grow at 2 percent. If compared, it is over \$4 million in savings. Administration felt it important that the \$1 million stay part of the employee compensation package. Administration is recommending to pay this benefit as a one-time increase to the base salaries of these groups. This will not change the total compensation package for the employees. Fiscally this makes sense and also treats employees fairly by moving the money to employees as a different compensation. Mr. Boehlke added if this receives full Board approval at the June 24th meeting, then WEA Trust needs a 30 day notice and the long term care benefit would end August 31, 2014. A WEA representative would be available in the District during the month of July to discuss options with the employees.

10. 2014-15 Budget Update

From the committee meeting:

Administration provided an update of the preliminary 2014-15 budget. Mr. Boehlke noted in February when he provided the preliminary budget report the District was looking at a \$340,000 deficit moving forward. Some expenditures have been deducted, such as wireless hook-ups and there have been some additions based around Educator Effectiveness, adding the District nurse position, education support, and when he gave that report it brought the district to a \$700 deficit which included a 2 percent salary increase. At the next Regular Board of Education meeting he will present a preliminary budget for Board approval. Once approved it will allow the district to spend money as of July 1, 2014. Next school year, he would like to present the preliminary budget to the Finance and Budget Committee in June. Also included on the June 24th agenda will be a resolution to spend money. If the preliminary budget is approved then the resolution item will not be discussed; however, if the preliminary budget is not approved then the resolution will be discussed so that a special session meeting will not be required. Mr. Burg asked if the preliminary update that will be presented in two weeks will be the same as presented in February or will this include updated budget figures and Mr. Boehlke responded the figures will be updated; however, the reductions/additions remain the same and we now have the numbers for staff retiring, which was unknown in February. Mr. Samet asked if the anticipated \$700 shortfall is keeping the fund balance at 21 or 28 percent and Mr. Boehlke responded yes, but also noted that money was used from the fund balance towards the fiber optic ring costs.

11. Gifts

Moved by Mr. Samet, seconded by Dr. Hein to accept all gifts approving those \$2500 and greater. All ayes. Motion carried unanimously.

1. Confirmation of Sale of 2013 House Construction Project

Kohler Credit Union

From the committee meeting:

Moved by Mr. Samet, seconded by Dr. Hein to approve the RESOLUTION, by the Board of Education of the Sheboygan Area School District, confirming the authority of the Board of Education to sell the residential property at 5032 Wild Meadow Drive, Sheboygan, WI which was owned by the school district and was no longer needed for school purposes. The accepted offer on the 2013 House Construction Project is \$300,533 and closing is scheduled for the week of June 16, 2014. All ayes. Motion carried unanimously.

2. Strategic Long-Range Plan End of Year Report

From the committee meeting:

Dr. Joseph Sheehan, the Executive Management Team, and Mr. Harvatine provided an overview of the end-of-year report to the Board of Education on the Strategic Long-Range Plan for the 2013-14 school year.

Dr. Sheehan noted this document has been used the last couple of years and is an internal management tool and added that the District has stayed on track. Mr. Holzman highlighted that Goal 1, Objective 4 has been completed. Mr. Flaherty highlighted that Goal 3, Objective 6 has been completed and that to date all staff that are required to pass the Educator Effectiveness test have passed. New administrators hired will work with CESA 7 and one administrator who has been hired should be trained by December. Mr. Flaherty also noted regarding Goal 3, Objective 7 and 8 that a new screening process has been implemented and next year administration will look at the cut scores and determine if they need to be adjusted. Mr. Boehlke highlighted Goal 3, Objective 9 with regard to choosing the financial software system with Skyward and noted the District has been assigned a project coordinator and the conversion has started and plans are to "flip the switch" in July 2015.

3. 2014-2015 Strategic Long-Range Plan Goals/Objectives Update

From the committee meeting:

Dr. Sheehan, the Executive Management Team, and Mr. Harvatine provided an overview of the updated 2014-2015 Goals/Objectives for the Strategic (Long-Range) Plan.

Dr. Sheehan noted the plan began in the summer of 2010. The summer of 2013, administration met with focus groups and reviewed input from the focus groups and made the necessary modifications to the Strategic (Long Range) Plan. In the summer of 2015 administration will approach the Board to get input as to how the Board would like to receive feedback from the community, stakeholders, and develop the Strategic Plan which will likely be a three year plan instead of a five year plan. Ms. Tuszynski asked how Educator Effectiveness is handled by going in the classroom or online and Mr. Harvatine responded the State requires every teacher during the first year hired and third year after being evaluated. Teachers must have direct observation by principals and have three to five 15 minute mini-observations over that three year period and then work with the building principals on collecting artifacts, which showcase lesson plans, etc. and there are 22 different areas teachers would be evaluated on a four point scale and this also includes professional planning pieces.

Dr. Sheehan highlighted that Goal 3, Objective 12 will be discussed in length at the June 17th Planning Session meeting. He noted there have been some preliminary discussions and administration will be presenting capital needs of the District.

4. June Planning Session

From the committee meeting:

\$5,000.00

Ms. Tuszynski noted the June Planning Session meeting will convene at 5 p.m. instead of 4 p.m. and noted that some items that had been on the agenda have been shifted to other committee meetings. Dr. Sheehan added that the District safety plan and students who transfer during the school year agenda items will be updated at the June 24th Regular Board of Education meeting. Mr. Samet requested that the elementary truancy item be added to the June 24th agenda.

- 5. Moved by Mr. Mancl, seconded by Dr. Hein to adjourn to Closed Session at 8:00 p.m. per Wisconsin State Statutes Sec. 19.85(1)(c)(e) To consider and take possible action regarding the annual performance evaluation of the Superintendent of Schools in accordance with Policy 1240; To consider and take possible action regarding the employment contract of the Superintendent of Schools; To consider and develop negotiating strategy regarding base wage negotiations with administrators, teachers, and support staff; To consider and develop negotiating strategy with respect to deliberating or negotiating the sale of a public property. A roll call vote was taken and motion carried unanimously. (Samet, Hein, Mancl, Tuszynski, Reinthaler, Hill, Burg)
- 6. Moved by Ms. Reinthaler, seconded by Mr. Hill to reconvene to Open Session at 8:55 p.m. All ayes. Motion carried unanimously.

Moved by Ms. Reinthaler, seconded by Mr. Mancl to approve a 2% salary increase to administrators for the 2014-15 school year effective July 1, 2014. All ayes. Motion carried unanimously.

Moved by Ms. Reinthaler, seconded by Mr. Burg to approve a 2% wage increase to support staff for the 2014-15 school year effective July 1, 2014. All ayes. Motion carried unanimously.

Moved by Ms. Reinthaler, seconded by Mr. Burg to approve a 2% overall salary package increase for teachers based on the newly adopted salary schedule for the 2014-15 school year effective July 1, 2014. All ayes. Motion carried unanimously.

7. Moved by Mr. Mancl, seconded by Dr. Hein to adjourn at 8:57 p.m. All ayes. Motion carried unanimously.

F. SPECIAL BOARD COMMITTEES/ASSIGNMENTS

- 1. Legislative Breakfast Mr. Samet reported that they will not meet again until September.
- 2. Moved by Ms. Tuszynski, seconded by Mr. Hill to recommend recertification of the currently designated hazardous areas for the 2014-15 school year. All ayes. Motion carried unanimously. Ms. Tuszynski talked about the gap study and Mr. Boehlke provided an update on the Non-Motorized Transportation Grant and the traffic calming/safety work being done around the city for the schools. If the District were to make some changes Dave Albright will be the point person to work with the City and County as we are no longer required to work with the State as long as we follow the new law changes. It was also noted that the new Transportation Coordinator is Georgine Mueller.
- 3. Sheboygan Public Education Foundation No report was provided.
